DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission with amendment filed on 11/14/05 has been entered.

Information Disclosure Statement

2. The information disclosure statement (IDS) submitted on 12/9/05 has been considered by the examiner.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claims 1-3, 5, 7, 9-11, and 18-22 are rejected under 35 U.S.C. 103(a) as being unpatentable over Cook et al. and in further view of Methany (US 5,040,818 A).

Cook et al. discloses a snowmobile comprising an engine, drive track, transmission, steering mechanism, and skis (all conventional), wherein each ski 10

Art Unit: 3618

includes bracket (not numbered), pivot point 16, and an adjustable glide member 30 protruding from the bottom surface of the ski rear of the pivot point, as shown in figures 1-3. Cook et al. does not disclose the ski as having a keel with wear bar. Methany does disclose a ski comprising a keel 304, 305 with recess for housing a wear bar 115 and cleat 116, as shown in figure 3. It would have been obvious to one having ordinary skill in the art at the time of the invention to have provided the ski of Cook et al. with the keel, cleat, and wear bar of Methany in order to increase steering ability.

With respect to claims 2 and 19, the glide member of Cook et al. could easily be placed in front of the pivot point without affecting the function of the glide member.

Allowable Subject Matter

5. Claims 12-17, 24, and 25 allowed.
6. Claims 4, 6, 8, 23, and 26 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
- 7.

Response to Arguments

8. Applicant's arguments with respect to claims 18-21 have been considered but are moot in view of the new ground(s) of rejection.
